INGLTONHOUGH,
LANCASTER.

May 4. 1870.

My dear Fensholt

The Railway Company
are now ready to complete their purchase
with me but they wish to include in
it the gait which you are good
enough to sell to me - We shall meet
I hope at Ingleton on Friday, but as
you will probably see Mr. Earham
at Thibley tomorrow perhaps you
will request him to give instructions
to Mr. Hartley to prepare the
conveyance at once - As you are to
fix the price as well as the number
of the gait, the proceeds must be a
very simple ^{one} & your title is of such a
nature as to render unnecessary

any lawyers' investigations -
Mr. Walker has to be at my farm of
Tinsleton on Friday & he will be at
the Court-house after an business is
over, on his way home. As I insisted
on the Company paying into Bankers
hands the ~~same~~ price agreed on for
my land before they took possession,
it is their interest I should imagine
to be relieved of the 5 per cent. interest
chargeable on it, & I want the
money to pay charges on land lately
purchased - Yours very sincerely
James Farrer.

E. M. Farnish Esq.
